Margaret Ilgenfritz IBRAR monroe, michigan

Special price list of July 12, 1950

RECEIVED → JUL 27 1950 U.S. Department of Agriculture

Dear Customer:

Every orchid grower wants to increase his stock of good hybrid Cattleyas, particularly the dark and bronze beauties. Here is an opportunity to do just that at very little cost.

I have a large stock of the following crosses in 1-3/4" and 2" pots, more than I need for my own use, and I am offering them to my customers at \$1.25 each, or 5 for \$6.00. The 5 may be all of one cross or an assortment from the list. This list of crosses provides a color range as well as varying periods of bloom. All will produce beautiful, large blooms of excellent quality.

K-19 Lc Model var Moreda F.C.C. X C. Remy Cholet, var Bruge. A large dark purple bloom is expected from this cross to flower in the winter time.

K-20 Lc Princess Margaret, var. Boneycrest X Lc Berenice. Dark purple to bronze will be the color range here and late fall will be the blooming time.

K-21 Lc Princess Margaret var Boneycrest X Lc Cameronian. This cross will produce dark purple blooms in the late fall.

K-22 Lc Miranda X Lc Canthab Bronze will be the predominate offspring of this cross. Winter will be the blooming time.

K-16 Lc Miranda X Lc Volandia Blooms from this cross will be bronze and winter the blooming time.

K-24 C. Ardmore X Lc Model, var Moreda F.C.C. Dark purple is expected from this cross. From February on will be the blooming time.

K-25 Lc Cynthia, var Majestica F.C.C. X C. Dionysius alba, gold medal winner. White with purple lip to bloom in the middle of the summer.

This price is for a limited time only. When I put these crosses into my price list it will be at regular prices.

The plants will be shipped out of pots with the osmunda intact. Terms cash with order, shipment by express collect unless otherwise instructed.

Very cordially yours,

Margaret Ilgenfritz, Orchids.
